UTTERLY UNRIVALLED.

The above speaks for itself. From strict inquiry it appears that the benefit from using Keating a

Cough Lozengos is understated. The operation was

a specially severe one, and was performed by the specialist, Dr. H. T. Butlin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these Losenzes. So successful are they that one affords immediate benefit; although

from the nature of the case the throat irritation is

WEIGHT IN GOLD.

At 5, E-wo Torrace, Shanghai, on the 25th July 1894, EDWARD Bois, aged 40 years.

HONGRONG AUGUST 1ST, 1894. DURING the Franco-Chinese war the question was raised between England and a mere declaration of the stoppage from 8 p.m., until 8 a.m. At the support in France as to whether rice was contraband of of the rice trade in general would prowar. The same question possesses some in bibly be effective, for a time at all and he cannot speak the highly of the courtesy terest at the present moment, in view of the events, unless the Foreign Ministers and possible extension of the bostilities between Admirals had definite instructions to notify China an | Japan. Neutral trade could not | the beligerents and their own nationals Powers of the intention to exercise belli- own responsibility and take the chance of gerent rights. As yet, so far as is known seizure and adjudication by a foreign Prize here, no such notice has been given and Court. neutral vessels are not called upor to take any cognizance of the unhappy relations at present subsisting between China and Japan. At any moment, however, notice may be given and neutrals would be at once affected thereby, independently of whether there had been any formal declaration of war between the belligerents themselves or here on or about Friday, the 3rd inst. not. The question would then arise whether rice could be considered contraband of war, and this colony being an important em- place is to be taken by the R ttler, from porium of the rice trade the mutter is one that comes immediately home to us. On the 29th January, 1885, the French Ambassador in London notified the Go- the transfer are to be made in Japan. vernment of Great Britain that France on the high seas for contraband of war. On. on the high seas for contraband of war. On was not required, the flames being extinguished the 20th February it was notified that by the firm's staff. The fire originated from rice would be treated as contraband of war, and the overheating of a fine. in a subsequent letter it was intimated, that treated as contraband of war. The

British Government protested, but the protest appears to have been not much more than a formal one intended as a precaution- Tangchow! hid, the China Gazette says, a very zry measure which might assist the case on barrow shave. While on a voyage with a full behalf of any British property which might dropped ber shaft her propeller falling right come to be adjudicated upon by a French off She was first taken in tow by the Wen-Majesty's Government did not contest that her charge, averaging about 9 knots to the S. under particular circumstances provisions P. Promontory, but from there she only mide might acquire the character of contraband had hard work at first to keep the Singun affect. of war, as, for instance, if they should be the men working up to their wais s in water consigned direct to the fleet of a belligerent, or to a port where such fleet might be lying, and facts should exist present b fore the Supreme Court at Shanghai. to be employed in victualling the fleet of covering damages which the steamer might have be shrinking in sympathy with the falling rup as will give additional accurity to the transmission that the belligerent would be entitled to Kusha's position at Shanghai and in exports as compared with 1892-93; and the tree to the other in the event of that river being in exports as compared with 1892-93; and the tree to the other in the event of that river being in exports as compared with 1892-93; and the tree to the other in the event of that river being in exports as compared with 1892-93; and the other in the event of that river being in exports as compared with 1892-93; and the other in the event of that river being in exports as compared with 1892-93; and the other in the event of that river being in exports as compared with 1892-93; and the other in the event of that river being in exports as compared with 1892-93; and the other in the event of that river being in exports as compared with 1892-93; and the other in the event of the event of the other in the event of seize the provisions as contraband of war, on had to pay to the Nipponi X usen Kaislas the downward tendency is still more decided in the directioned. circumstances relative to any particular cargo, or its distinction, to displace the presumption that articles of this kind were Polks. intended for the ordinary use of life, and ] to show, prima facie at all events, that they Schottische were destined for military use. To this M. Valse WADDINGTON replied with a whole shoal of British authoritative declarations on the subject, amongst which was the following.

occurring in a letter to the Times, which the of the Straits Satilements, Sr Cool Smith, is Attorney-General stated in the House of enjoying the splendid summer weather in the is not contraband of war. It appertains trying for invalids Great coats and umbrelles but carrying, however, two powerful 21.con-"alone to the Prize Court of the belligerent bare been the order of the day at most of the simetre (8.24 in.) Krupp guns forward, with a which has effected the capture to take "cognisance of that question." A state-"operations have been considered as con-" traband of war, according to their destin-"ation and to other circumstances which the Prize Court must judge." The importance of rice in the feeding of the Chinese population and army, M. WADDINGTON Went on to say, did not allow depriving themselves of one of the most "Catholic Association," and we understand unpowerful means of coercion they had at their necessary steps in order foretast the Association policy of the astute Celestial. Last week we had the blockade of Chinese ports, but that that would have, as regards the interest of neutrals, disastrous consequences to which his Government would hesitate to expose friendly Powers. As a matter of fact the French had

not sufficient vessels to establish an effective blockade, but that is beside the question at present. The final reply of Lord GHANVILLE Thor leave to etate, in reply, that Her Majestan the view taken by the Government of the Republic. to the effect that it is for the Erize Court to decide in the first instance on the legality of the seizure : but uny such decision to be binding on bentral Governments must be in accordance with the rules and principles of international law; but Her Majesty's Government feel, themselves bound to reserve their rights by protesting at once against the doctrine that it is for the belligorent to decide what is and what is not contraband of war, regardless of the well-estab- night would contribute a good deal towards this his hand rights of neutrals.

Since the receipt of your Excellency's note under reply my attention has been directed to M. Ferry's despatch of the 13th March, published at p. 41 of the Parliamentary Papers on the Affairs of China, recently laid before the French Chambers, in which further arguments are addnord in support of the contention of your Government, and it is suggested that some of Finding that the damage could not be repaired the shipments of rice destined for China are in the on board. Caplain Giles decided on making for N. C Daily News .nature of a tribute or subsidy to the Court of Peking, the nearest land in Japan, but advance, winds preare usone to server as contraband or war. I think again. At the tities would break out on Monday night or does not believe that the Yangize pilots here it right to observer MC Ambasadent in order to a voyage from N kolaijafsk, via Donie, to Maji hostilities would break out on Monday night or does not believe that the Yangize pilots here prevent any misapprehension, that the seizure of such to los is cargo of coal for Hankow. The wind vesterday morning, is a small fown, we learn; would have themselves out for the purpose, but shipments under a period and an entired that the seizure of such to los is cargo of coal for Hankow. The wind vesterday morning, is a small fown, we learn; would have themselves out for the purpose, but shipments under a neutral flag would be inconsistent with the Declaration, of Paris, which provides that the neutral flag covers enemy's goods with the excepion of contraband of war, and that Her Majesty Government adhere in all respects to the views expressed in my note of the 27th February last protest. ing against rice being treated generally as contraband I war, and that they will not consider thomselves bound by the decision of any Prize Court which should uphold a contrary doctrine. Editor, not f r publication, but as evilence of good The declaration by the French Government

however, for the time stopped the trade in rice Bay, and on the following morning despatched his for the north, and had any vessel been carried before a French Prize Court there can be little doubt she would have been condemned be sent before 11 s.m. on the day of publication; little donnt and would have been to a war.

After that hour the supply is limited. Only Supplied In the not improbable event of a war. between China and Japan it would be to the flooded that he had better turn back, which has interest of each to stop the other's food sup- did and was taken to the General commanding high seas. Dr. Harican said he thoroughly supported system of sewerage and proposals for its im me about. All I wish to impress upon mem. Mr. Francis's motion. He thought that where diate adoption by every house in the colony; but bors of the Board is this. In the first place the house drains were in a really defective con-I submit that these are reasonable objections and we might remove one of Mr. Francis's object dition semothing ought to be done, but he did that they should be considered and fairly and tions by not compelling people to redrain in not think there was any necessity otherwise to honestly dealt with b fore we return any answer discriminately, but only make these people re- compet people to connect with the separate to His Excellency he dovernor or before, at drain whose drains are detective. What we system. He agreed with Dr. Ho Kai least, we ask him to give as those summary really want is to find out in what state the that the surface system should be adoptpowers. Now the answer to that will possibly drains are. We can only inspect of water had also to be taken, into consideration; ance 1894 we read "And whereas it is expediin a yery bad state, . Lam not disputing that for on the presumption of a missince, and I say as with the separate system and no water they one moment, but we have a great deal of eyed- and ber of you most seriously to consider, that it would be as bad as, if not worse, then at present.

ence to show that the new sewers are very is our duty to have no shilly-shally and to put The COLONIAL SURGEON, in reply to an nearly as defective, and when Mosers, Sassoon's off things while we try to gather further in observation by the President, pointed out that complaint came in it was said there were just formation as regards details. I am quite sure neither-Mr. Francis nor himself had said a as bad smells coming out of the manholes of if anything strikes Mr. Leigh or any other en. word against the Board being granted larger the new sewers as out of the old drains in Icehouse gineer or architect in the colony in which it powers of inspection, which they both thought Lane, and the cause of the offensive smell was would be well to modity arrangements would be most desirable. the fact that the outfalls of the intercepting in Chinese houses, if brought to the sawers were blocked up and all the foul air was notice of the Graver ment it would be carried views. He said—It would be carried views. He said—It would be carried views. He said—It would be carried views. driven ou . Well, shall we be able to make any out. Thurwholl the grass been threshed out objections which are the make any out. Thurwholl the grass been threshed out objections. considerable improvement, any improvement to and the present systant has been adopted as the drainage in private houses are that the so much care. The reconstruction of Taipingcomponents the colony for the trouble and best one and be system as regards it application for the health the objection of Dr. yras that the drains are to have back lanes to all houses and carry out this was not, however, this sole object, or the object, or the object of the object o expense we should put it to? The separate remember that houses are back to back, so that reasons. Another reason is that it is advisable to deed to prevent a remember that houses are back to back, so that of the colony must come sometime or another, under the back kitchen is absolutely impossible. The drainage by surface than the haste enjoined, the haste enjoined, the haste the but has it to come as it is now, or ought there Mr. Francis Wight I ask you to define ladge of the old drains which I have had its cause in the legitimate desire to arrest to be some modification of the system of sewer- what you main by a "defective drain?" I am inspected is that they are already choker, the plague. Nothing but, this could possibly age as to pipes, drains traps eto ? Is it afceld that age at many people might be inclin. I know they are and they contain lots of have justified the language of the 1st clause of advisable, in the absence of an adequate of to say a drain, was defective deposit, and I have very good reason to delieve the 3rd section of the Bill, and the sweeping means to prevent outrages. supply of water, to turn a large amount. The President In bonsequence of the conof sewigo into these drains Pals it ad versation. I had with you the other day I made redrained are in the same condition, and I think our Logislature has impaded the adverse alien-Vigable to proceed until some definite arrange particular enquiries whether it is a fact that the lit is the duty of the Board to do their best to imments are made with regard to these outfalls? I Public. Works Department, if they, found a prove this sytem and to put the defective drains to the Colony, by the extinction of its inhabitin the opinion of this Board it is not advisable it simply because it was not a pipe drain, and they are off red them now, and I think we should many annihilation of the rights and interests of sewer outfalls have been completed and perfected drain as a drain inefficient to carry out the purit is not desirable to compel householders to re-poses for which it was intended.

Mr. CROK said that the traps of the new proceedings, and regards the rights of the drains were the simplest that he knew widowed owner of section A. of Inland lot of the new separate system. The Active Director of Public Works drains were the simplest that he knew widowed owner of section A. of Inland lot

be considered in this question. It agree very finished better arrangements would be made. In had 60ft of drain as against 15ft, of the Govern-modern times has been far less in the ency much with what Mr. Francis has said, especially concluding his remarks Mr. Tooker said—the ment drain, he said that it was the name thing more power which she possesses than in with regard to the water supply, and I know Sanitary Board has played with sanitation long for a drain to run down the backs of bouses the restraint and moderation with which the when Mr. Chadwick was here he made the enough for goodness sake let us do something with one outlet and 60 feet served for about a very occasional manifestations of that power water supply a sine que non: Now at the pre- or try to do something, and not obstruct all dozen houses. There was a trap at the onilet have been accompanied, and this consideration we are putting in these new drains and we tion. Ho Kar-Sir, I beg to rise to point out by the Inspectors of Nuisances. As regards the Council when the Bill comes before them. I have to run inder Chinese houses—right under first of all to the last speaker that this Board has water supply which was one of Mr. Francis's chief trust that I shall not be charged with mischiethe pramises—and that is found to make things not as far as I am concerned obstructed any use objections, he explained that the new drains were vous opposition when I say that Taipingshan is as had as they very well can be. It is ful sanitary work, nor has it as a whole shirked laid to what were called self cleansing gradients little if anything worse than many parts of the desire of the Committee to represent its duties in any circumstances. Such charges and ran half full. The sewers were laid on the every other district in Hongkong. That more this state of things. If the drain does do not improve matters and cortainly ought not same principle. The outfalls on the Praya dischoke it is ruination to the sub-soil under the to be introduced by any new member in the dishouse. If it can be arranged in some way in the cussion at the present moment. We want when the Praya Reclamation was finished, be future that the drains are run through the back at present I minh to finish the answer properly constructed. In reply to further quest tion. More people died there because more premises and outside the Chinese houses, that is to the enquiry of the Governor, whether tions Mr. Chook said that the fact of not having people lived there, and their propinguity. the scheme to be proposed. There are a great we should recommend that the separate system an extra water supply was no hindrance to but increased the viruleace of the disease. The many points under discussion just now, and I be at once completed—that is to say, connect ting the drains in order. They were not de- present buildings have almost all, I think it is a pity these things should be over the house drains with the separate eyetem or pendent on the water supply, and even only 5 think, been erected or rebuilt within the hurried. It is true there are a great many compel every house to be so connected at the gallons of water por head per day going through last twenty years, the almost only exception Chinese bouses not connected with any drain order of the Board. Now the amendment that at all—they are simply draining into the sub you have proposed, sir, does not seem to soil; they are not connected with the main me to answer fully the enquiry of the Goverand before they are discovered the sewage completion of the separate system. It does not sident, the Acting Director of Public Works. of wood, in place of charcoal, in the open chatty gets into the subsoil and creates a nuisance, only require that we should recommend to the and Surgeon Major James voting for it. The fire is largely-responsible for this, giving a grimy, And so with other things. The outfalls Governor to confer on us larger powers to original motion of Mr. Francis was then put and dark, dirty appearance to everything within. of the new sewers are certainly not ready to re- inspect and condemn. Now if the Governor's curried. ceive what they are getting. And, whether letter had only touched upon whether the Board through some miscalculation or whatever it is, should have enlarged power conferred upon it to we have not got a good water supply to drive inspect drains I should have supported your things out, and we have not openings to the amoudment at once without any reserve. But the thinge out. Therefore, as I do not think we Governor goes further. He asks whether he have decided, what is necessary as regards should confer larger powers for the purpose of Chinese house drains I think we ought compelling owners of private houses to connect can with regard to health until these questions is the gist of it. Now for one I am in favour of no dated Shaughsi, 26th July, says:—Though the habits of the people must be changed. It may be have been settled

950 feet, being the upper portion of the Taipingshan basim From the North East to the South West porners there is a full of some 140 feet. To change the alignment of the streets in this part, which have been mostly well

laid out, will be very difficult, involving cost ly embankments and retaining walls, thereby greatly increasing the cost of foundations for future buildings and rendering the sites far less accessible from the lower levels, thereby lessening their value. With what object is this proposed new alignment? There is nothing but a very small foot traffic for the very concluded. The plaintiff claimed to be the molitions, viz., the facilitating of vehicular Mr. G. J. Phillippo (instructed by Mr. H. whin they can do so by tramway for one or two. fore stop .- I am, yours faithfully,

GRANVILLE SHARP. Hongkong. Slat July, 1894. THE GERMAN MAIL. The N. D. L. steamer Sachsen, with the Ger-

man mail of the 2nd July, arrived yesterday

The following telegrams are from Caylon and Rangoon pap'ra:--THE CHOLERA. Sr. Peressues. 15th July. There is a general extension of the cholers epidemio in Russia, and considerable alarm pre- On Bombar. vails in St. Petersburg, where three hundred deaths took place from that cause during the

THE ANABORISTS. Rome, 15th July An Augrobist, named Lucchese, who is suspeoted to be the murderer of Signor Bandi editor of a newspaper published at Leghern, was arrested in Corsica to-day.

THE EARTHQUAKES IN CONSTANTINOPLE. CONSTANTINOPLE, 17th July. The damage done by the shocks of earthquake here is estimated at six million Turkish pounds. Over two hundred persons have been killed in | Constantinople alone.

SOME OUTSPOKEN CRITICISM: London, 17th July. The Times comments on the recent letter addressed by the Indian Parliamentry Committee, consisting of a hundred and fifty members, to the Secretary of State for India, which asserted that Fung On, a boarding house runner, was the sunual official explanation of the financial from the plea that further retrenchments in China Borneo ...... the Indian Military and Civil expenditure were | China Sugar ...... impracticable. The Limes disagrees with the Chinese Loan '86 E. Tis. 260 | 11 p. ct. prem. For being in possession of 5lbs. dynamite views of the Committee. It considers that Dakin, Crnicks'k & Co The Times again stigmatises the course adop- Hongkong & C. Gas.

ted by the Home Government in forcing upon Hongkong Electrical Lord Elgin and Mr. Westland the exemption of H. H. L. Tramways. Manchester goods from the import duty in order Hongkong Ice. to conciliate the Laucashire vote. It deplores H. & K. Wharf & G. the Cantonments Bill, and in conclusion observes Hongkong Rope..... that the responsibility of the management of H. & W. Dock...... Indian affairs has not merely passed from the Hotels-Indian Government and the India Council but is also passing from the hands of the Secretary of State to every self-formed Parlimentary group whose whole vote has to be conciliated or whose obstruction has to be bought off. The Times, in commenting upon the Blue Book which has been issued on the progress in the condition of India to the end of 1893, considers that a reduction of the Military and Civil expenditure of India is not feasible, and that the imposition of an import duty on cotton goods is the first and most obvious measure to avert

possible financial collapse. THE ATTITUDE OF THE GOVERNMENT WITH REGARD TO POREIGN CONSPIRATORS: London, 18th July. The House of Lords read a second time the Bill Introduced by Lord Salisbury, to exclude but was ready to commult the Powers on the best

THE ELECTION IN NEW SOUTH WALES. SYDNEY, 18th July. The elections which took place in New South Wales resulted in 53 Free-traders, 39 Protectionists, and 28 Labour candidates being elected. THE MOHURRUM. CALCUTTA, 16th July.

The Moburrum celebration in Calcutta has Walson & Co., A. S. passed off peacefully, although the processions were on a larger scale than usual. 2000 NEWSPAPERS.
